Cleansing

CALMING CLEANSING FLUID

Indicated for dry/sensitive skin care

Designed as a light lotion, with great skin adherence, it ensures an easy and efficient cleansing. Its emollient formula is adapted for dry skin needs, and its association with the calming effect ingredient recommends it also for sensitive skin cleansing.

Code 1301 500ml

MOISTURIZING CLEANSING MILK

Indicated for normal skin cleansing

It ensures delicate cleansing, in depth hydration and optimum skin toning.

Code 1303 500ml

TONIFYING CLEANSING WATER

Indicated for oily and acne skin cleansing

Light formula with reduced content of fat, compatible with oily, acne skin. It ensures efficient cleaning and it has energizing and antioxidant protective role.

Code 1203 500ml

MICELLAR FOAM CLEANSER

Indicated in the treatment of all types of complexions

The **Micellar Foam Cleanser** delicately cleans your skin from both impurities as well as from traces of make-up, sebum, dead cells, and metabolites resulting from metabolic processes developing in the skin. The foamy and unctuous texture allows a uniform distribution of the cleanser onto the skin's surface and the enhancement of the make-up removing effect. The product contains Neutrazen, a biomimetic peptide which controls and reduces the inflammatory process within the skin but also its unwanted consequences like redness or pain. The product does not contain soap, coloring agents, or alcohol.

WATERPROOF CLEANSER

Recommended for removing waterproof products.

The product's dual-phase, fragrance free formulation makes it possible to delicately remove even waterproof makeup, dust, and impurities without harming the sensitive skin of the lips and surrounding the eyes, and without leaving the sensation of fattiness.

The Argan oil acts in synergy with the **Panthenol** in order to restore the skin's natural balance.

TONIFYING

HYDRATING TONIC LOTION

Toner for dry/sensitive skin

This lotion ensures optimum hydration of the skin, providing the skin with a nice soft sensation. It removes the last traces of make-up; it tones and refreshes the skin.

Code 1205 500ml

PURIFYING TONIC LOTION

Toner for oily/acne skin

It cleans the skin in depth, having astringent and purifying properties. It restores the pH balance of the skin to its normal value, slightly acid (5,5), controls the secretion of sebum and reduces the oily aspect of the skin.

Code 1207 500ml

DEEP CLEANSING

ENZYMATIC EXFOLIANT

Deep cleansing for all skin types

It dissolves dead cells and restores the natural balance of your skin. If done regularly, the enzymatic peeling dissolves corneous cells, acting efficiently and delicately at the same time. Through peeling the skin is cleaned in depth in a short time, and the absorption of active compounds is much improved. The skin remains fresh, soft and bright, being prepared for an optimum reaction to the treatment.

Code 1208 200ml

PEEL OFF FACE MASK

Indicated for the treatment of all types of complexions

Peel OFF Face Mask - removes dead cells and other impurities on the skin's surface, activates circulation and favors the absorption of active principles, revitalizes and stimulates the skin's cellular metabolism. The film-like structure provides a gentle exfoliation, leaving your complexion bright, purified, and full of vitality.

Code 1248 200ml

PEELING CREAM

For in-depth cleaning of all types of complexion.

The **exfoliating granules** from natural volcanic rock removes dead cells from the skin's surface and performs a slight massage, improving blood flow and unblocking impurities from pores.

Aquaxyl® - a mixture of glycosides of vegetal origin – and **Ceramidyl-Omega** – an active, vegetal origin ingredient – restore the skin's water supplies and protect against transepidermal water loss.

Hyaluronic acid ensures an optimum level of nutrition and hydration.

Code 1258 200ml

*RELAXING
FACIAL
MASSAGE*

RELAXING TONIFYING OIL

It can be used to massage all skin types

It has a strong hydrating action, which helps the epidermis regeneration. The oil protects the skin and increases its elasticity.

Code 1216 150ml

MASSAGE CREAM

Especially designed for the massage of all skin types

It helps tone the skin, removing the fat deposits and redefining the body shape. Both for facial and body massage, serums can be associated with ampoules for treatment or with any other active principles, in order to ensure the desired cosmetic effects.

Code 1214 200ml

BALANCING MASSAGE CREAM

Designed for oily skin massage

It restores the hydro lipidic barrier and compensates the hydration deficit of the skin. It provides to the skin with emollient principles and water necessary for the recovery of the corneous layer.

Code 1215 200ml

MOISTURIZING SERUM

It can be used for massaging all skin types together with the Massage Cream/Oil, in the phases of ionization, facial oxygenation, electro stimulation, and sauna.

It has intense hydrating effect, with dual action, by restoring the hydro reserves of the skin and reducing the water trans epidermis loses.

Code 1209 100ml

PERFECT ANTI – AGING SERUM

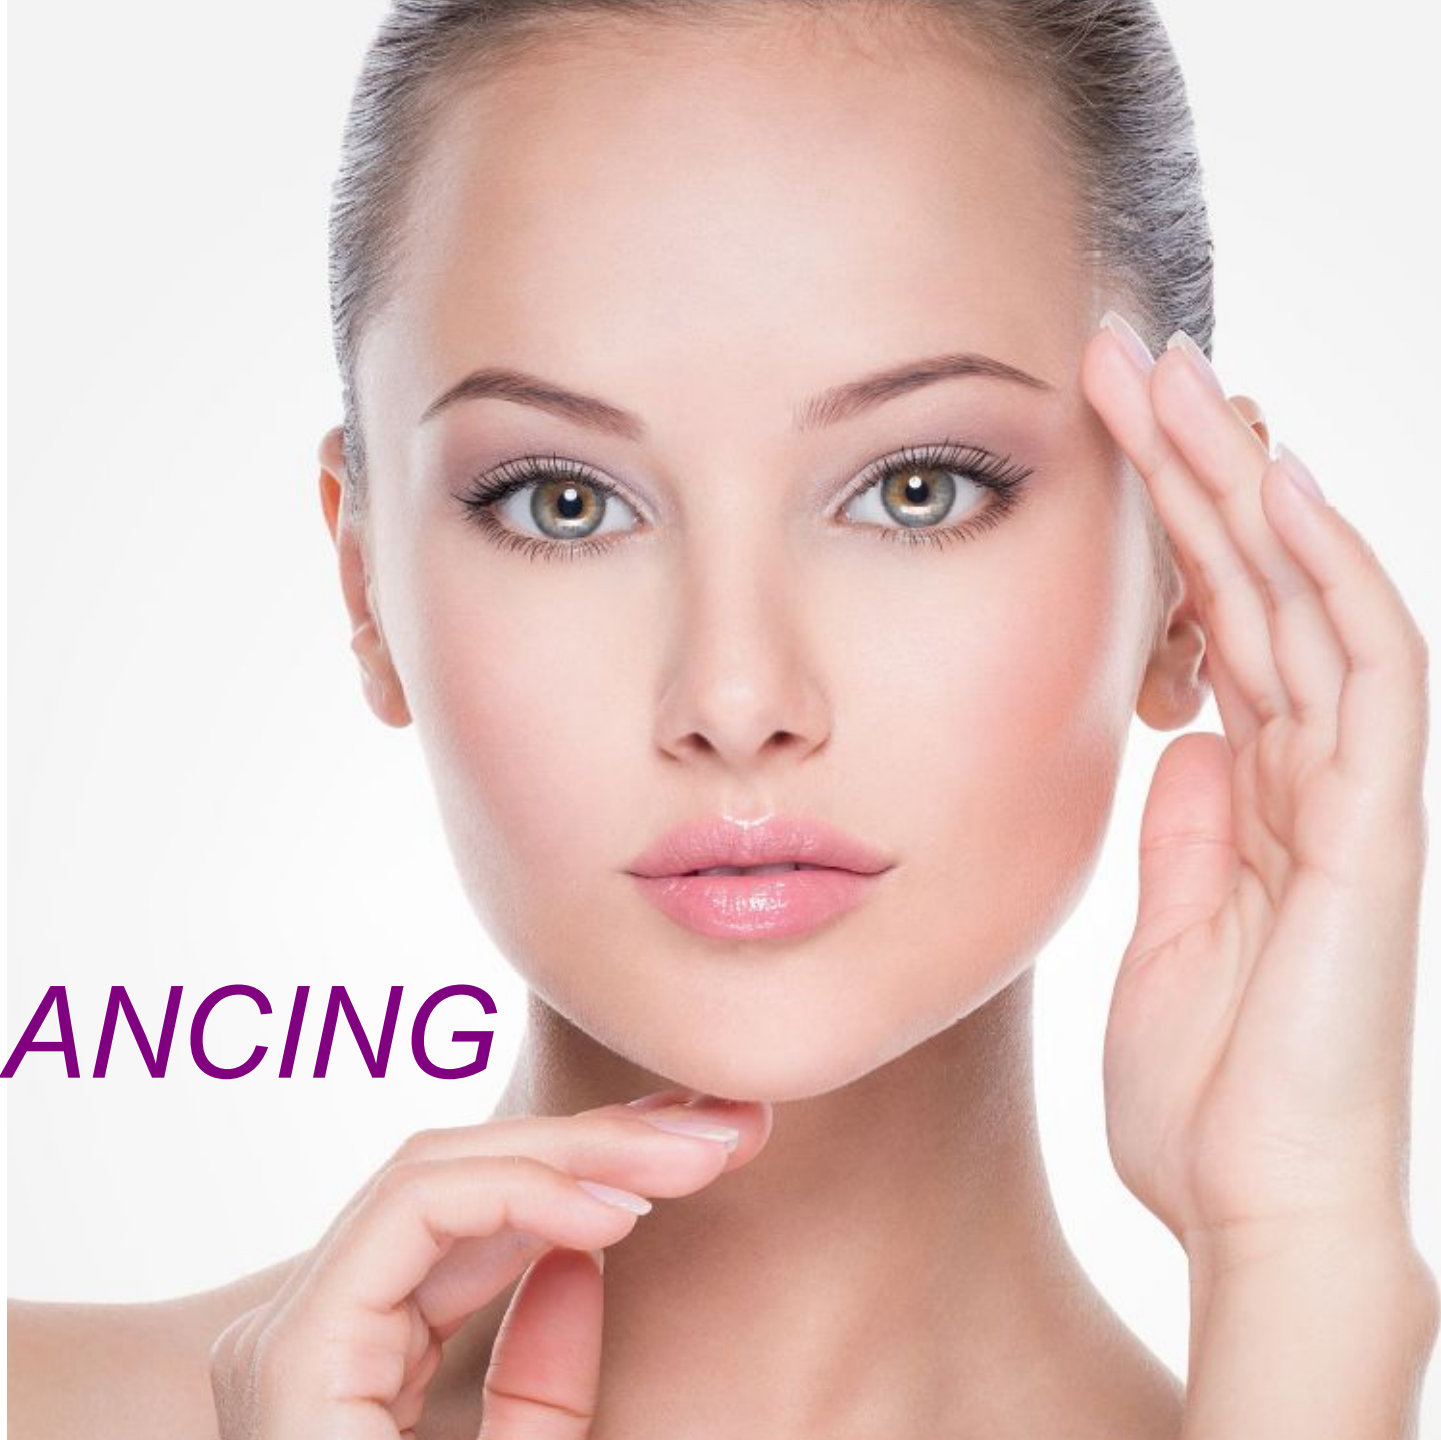

It can be used for all skin types massage together with the Massage Cream/Oil, in the phases of ionization, facial oxygenation, electro stimulation, and sauna.

It prevents and diminishes the main problems of dry, mature, wrinkled skin. Wrinkles are reduced and the skin becomes firmer, more elastic and more hydrated. It prevents the occurrence of new wrinkles, restructures the skin and softens imperfections.

Code 1211 100ml

RE-BALANCING

DETOXIFYING MOISTURIZING MASK

Indicated for normal or oily skin

Being designed for an intensive care of the skin, it has a double action: to absorb and to eliminate the toxins within the derma, while removing dead cells from the skin's surface, thus performing a deep cleaning of the skin.

Code 1218 200ml

SOOTHING REGENERATING CREAM MASK

Indicated for care and regeneration of sensitive, dry skin / desensitization of irritable skin, for soothing irritations of epidermis layer

It has high content of nutritive and emollient substances, which restore the hydro lipid protective film from the skin surface.

Code 1219 200ml

MOISTURIZING LIFT MASK

Indicated for normal skin

It is a perfect adjuvant for mature skin, with restructuring and instant lifting effect. It restores the protective hydro lipid barrier and revives the natural suppleness and hydration of the skin.

Code 1220 200ml

REPAIRING MASK

Indicated to calm the extraction of oily/acne skin

It eliminates toxins, dead cells, excess of sebum, dust and impurities from skin surface, it closes open pores specific for mixt and oily skin, it sooths and heals small lesions and injuries.

Code 1213 200ml

EYE MASK

For the treatment of all skin types

GH₃ Equilibrium – Eye mask is a complex product due to the active principles included in it's formula: **Aescina** reduces the dark circles under the eye and the eye puffiness

Hyaluronic acid provides the optimum level of skin nutrition and hydration

Gatuline Expression and **Zanthalene** have Botox-like effect on wrinkles; **The vegetal oils** have a revitalizing effect and prevent the cutaneous ageing processes

VIALS with HYALURONIC ACID

skin types

- Fine lines and wrinkles are visible reduced
- Fine lines and wrinkles are filled in from inside
- Skin is intensively hydrated

The ampoules contain a serum rich in **Superoxide Dismutase** and pure and liposomal **Hyaluronic Acid** with moisturising and wrinkles smoothing effects.

Liposomes are absorbed into the skin and there they releases the sodium hyaluronate that binds a large amount of water in a three-dimensional network, greatly increasing its volume. This way wrinkles are filled from the inside and smoothed and

Code 1244 20 X 2ml

VIALS WITH COLLAGEN AND ELASTIN

Suitable for all skin types

- *They stimulate collagen synthesis*
- *They attenuate significant wrinkles*
- *They protect against oxidative stress*

Collagen has a tensor effect, improving the defence capacity of the skin to external stimuli. In addition, by the intake of amino acids and peptides in the composition, the synthesis of elastin is stimulated.

By using the ampoules fine lines, wrinkles and pigmentation spots are reduced, skin elasticity increases and collagen and elastin production is stimulated and the destructive action of UV radiation is prevented.

Code 1245 20 X 2ml

ANTI - ACNE SERUM

For skin affected by acne

The **serum** combines ingredients with complementary effect, fighting against the phenomena causing the acne. **Ac.Net™** regulates the sebum secretion and inhibits the multiplication of micro-organisms at cell level.

The **Willow bark extract** offers a natural intake of salicylic acid, with antimicrobial effect

Sepitonic™ M3 is a mineral cocktail which supplies energy for cell reconstruction in acne lesions.

The ECO-certified ZANTHALENE® extract has a soothing and anti-irritative effect and a pleasant natural scent, in a fragrance-free product.

Code 1247 100ml

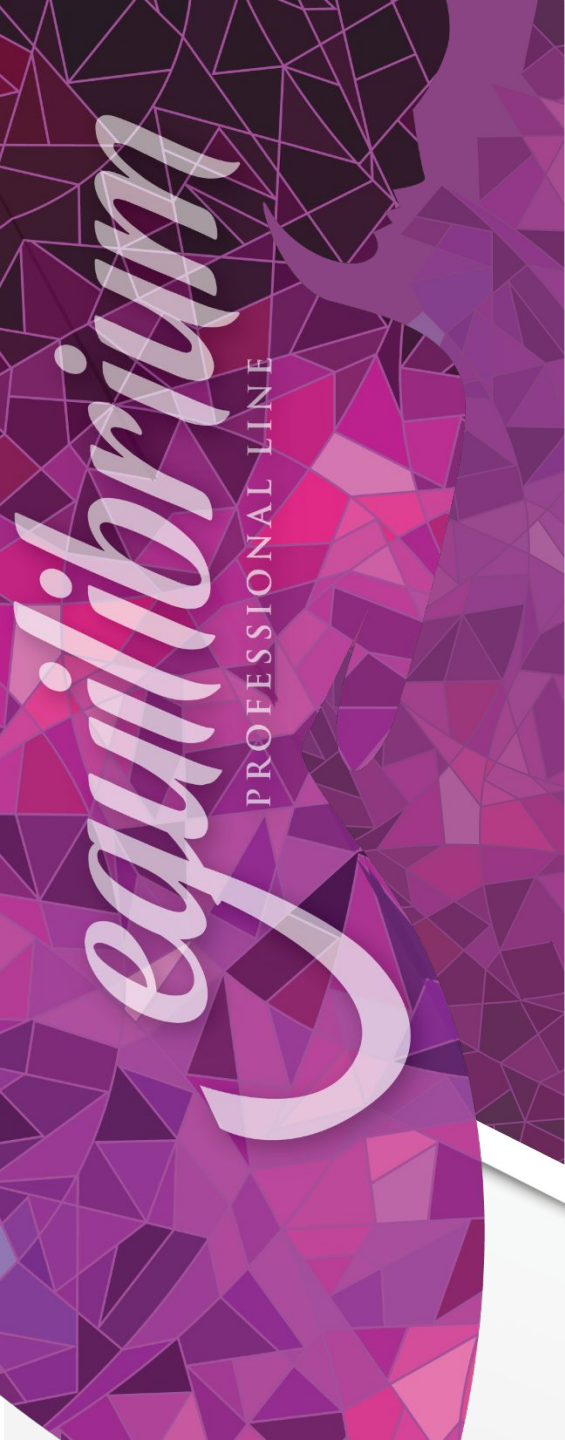

RETINOL VIALS

*Intended for the care of wrinkled
complexions
lacking in elasticity*

They contain **Vitamin A – palmitate** and **Stabilized retinol** – acting in the improvement of photo-ageing phenomena and **Dimethyl Isosorbide** whose purpose is maximizing effects due to its increased ability of in-depth penetration of the dermis and due to its complete lack of toxicity.

Code 1260 20x2ml

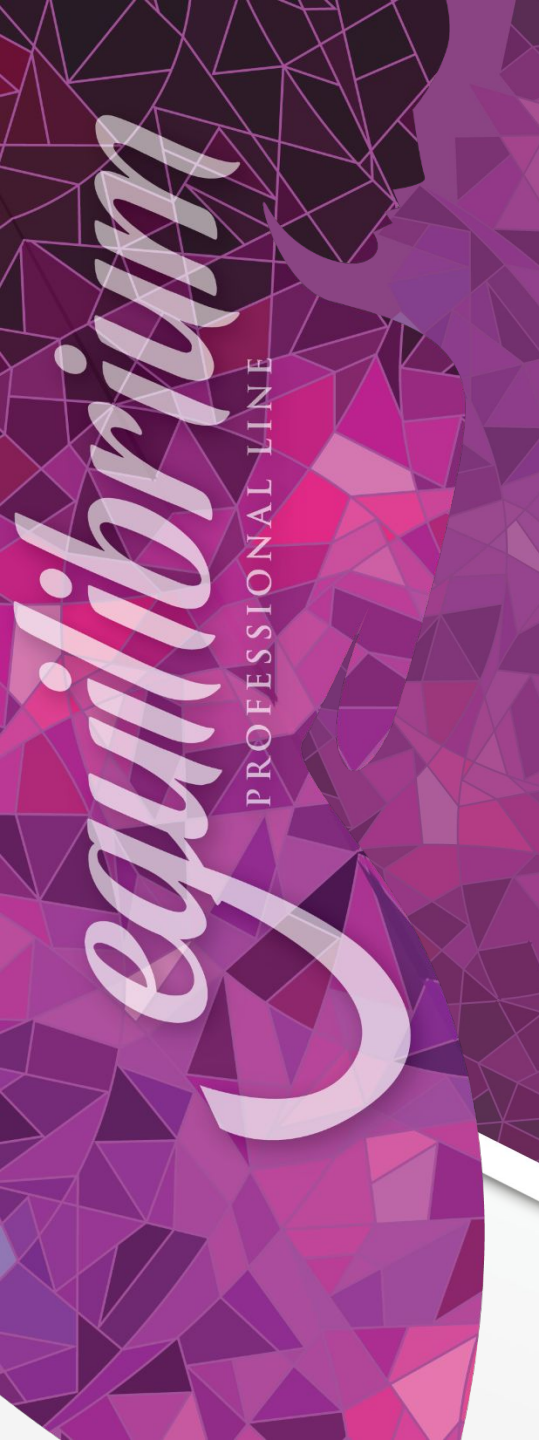

MULTIVITAMIN VIALS

Intended for the care of complexions subjected to premature ageing.

They provide a fast restoration of the skin exposed daily to radical stress in association with an accelerated and premature ageing. They contain a cocktail of **vitamins E, A, and C** in stable forms, associated with **lipoic acid**, one of the most powerful known antioxidants. Capable of regenerating the skin's very own vitamins C and E.

Cod 1261 20x2ml

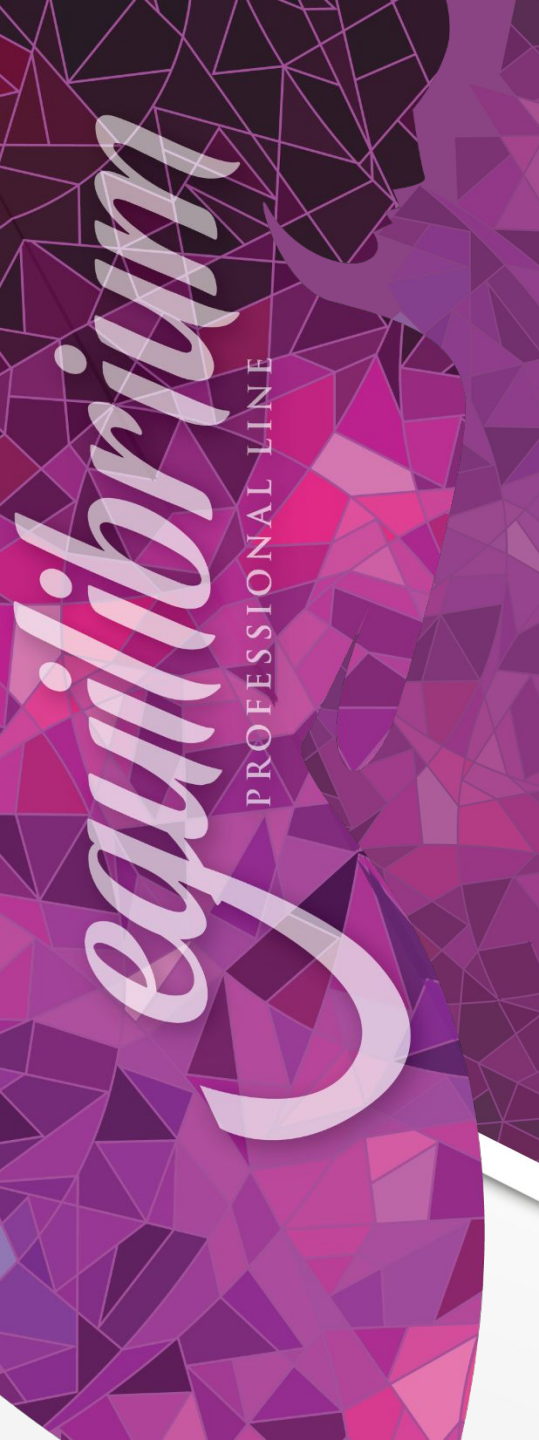

ANTI ACNE VIALS

Intended for the care of acne prone complexions.

They contain an association of active principles with complementary action. **Salicylic acid** – key ingredient with bacteriostatic action, **Ac.Net** which regulates sebum secretion, and **Potassium Glycyrrhizinate** – a substance with well-known soothing effects

Code 1362 30x3ml

CLAY MASK

Intensive care acting to eliminate toxins from the dermis

Clay, special Bentonite, and absorbing charcoal extract metabolytes and the excess of sebum from the dermis and eliminate them at the same time with the removal of the mask.

Aquaxyl mitigates transepidermal water loss and optimizes the dermis' water reserves iminuează pierderile.

Vitamin C along with **Niacinamide** has a positive effect on the synthesis of new collagen fibers, improves the skin's texture, homogenizes and illuminates the skin.

Zanthalene®, eco-certified extract obtained from **Sichuan pepper** fruits, mitigates tactile and thermal sensitivity and reduces the discomfort of sensitive skin.

Code 1259 200ml

WHITENING

equilibrium

PROFESSIONAL LINE

WHITENING CREAM

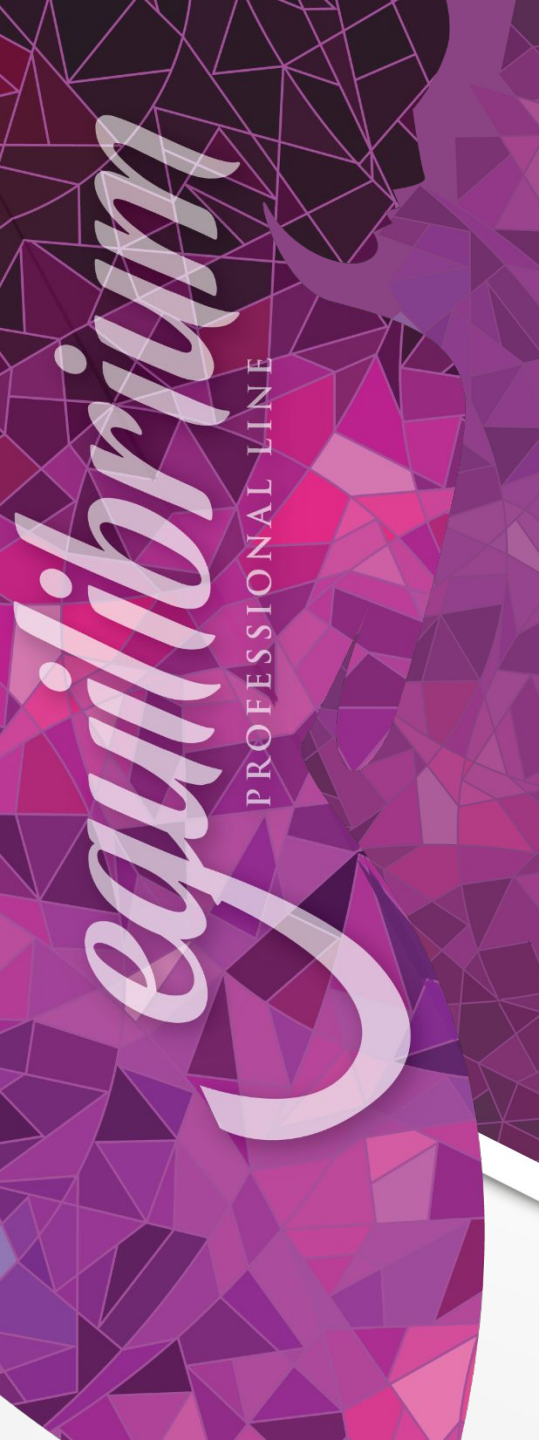

Suitable for all skin types

It contains an active vitamin complex that lightens and smoothes the complexion, and restores skin's radiance and brightness: the **Liposomal VITAMIN C** - reduces existing dark spots and keeps new ones from appearing.

The niacinamide and Vitamin E - regenerate and protect complexion against the stress caused by the UV rays, moisturize the complexion and reduce fine lines and wrinkles.

Code 1266 100ml

WHITENING SERUM

Intended for areas with an **intense skin pigmentation**, the serum contains effective ingredients with a synergistic effect of dark spot correcting, **smoothing and restoring skin's radiance**.

Vitamin C prevents excess melanin from forming, reduces existing dark spots and prevents the appearance of new ones. Moreover, it stimulates the collagen production, skin becomes firmer and younger-looking. **Vitamin B3**, suitable for all skin types, strengthens the skin's protective barrier, prevents water loss inside the dermis, stimulates collagen synthesis, refreshes the skin and restores its elasticity. Thanks to its restructuring action, it improves skin's texture and reduces wrinkles and fine lines. **Vitamin E** fights against skin-harmful factors (pollution, stress, UV rays), neutralizes free radicals and ensures a fast regeneration.

Code 1267 100ml

COMPLETION

HYDRA-ACTIVE CREAM

Indicated for dry/sensitive skin for the final step of the treatment

It has a creamy structure, rich in emollient and hydrating substances, which compensate the hydration deficit, restores the hydro lipid barrier of the skin and ensures long lasting persistence of the hydrating effect. It restores the natural balance of dry skin and increases the cutaneous tolerance in case of sensitive skin, through nourishment.

Code 1221 200ml

SUPER – MOISTURIZING CREAM

Indicated for normal skin

This product is designed for face and neck care, a day cream with intensive moisturizing effects, able to keep a perfect balance between the skin's natural reserves of water and the daily trans epidermis loss of water. It also shows antioxidant effects, protecting the skin throughout the day against harmful environmental factors.

Code 1222 200ml

MATIFYING MOISTURIZING FLUID

Indicated for normal skin for the final step of treatment

It is a maintenance cream for seborrheic, mixt and acne tendency skin, for the skin with oily and irritable aspect. Active principles were associated to efficiently regulate the secretion of sebum, and principles with matifying and hydrating effect.

Code 1223 200ml

ANTI-AGE CREAM

Indicated to support wrinkled skin, with lack of firmness, young or mature

It has anti-wrinkle, regenerating and restructuring action, protective against destructive processes activated by free radicals and toning action. The active principles are associated so that they provide a synergic anti-wrinkle, toning and hydrating action.

Code 1224 200ml

LIFT-EXPERT CREAM

Indicated for young and mature skin with tendency to dry

It has lifting and anti-wrinkle, regenerating and restructuring action, protective against destructive processes activated by free radicals and toning action.

Code 1225 200ml

DERMAL REPAIR CREAM

Indicated for acne skin treatment

It is recommended to accelerate the epidermal repairing processes for irritated skin or with superficial lesions. Its light and isolating formula allows it to be applied on recent scars, superficial injuries or minor trauma.

Code 1228 100ml

ANTI-WRINKLE EYE CREAM

Indicated in the final step of the cosmetic treatment for all skin types

Especially designed for the sensitive area around the eyes. Its associated active principles act on reducing the profound wrinkles, on reducing the expression wrinkles and on reducing dark circles.

Code 1229 100ml

HYDRA PROTECT CREAM SPF50

Indicated for all types of complexions

The cream is used for day-time protection, after cosmetic treatments for exfoliation or discoloration of pigment spots. It prevents solar intolerance, pigment spots, photodermatoses, and premature ageing of the skin. The product contains coloring pigments that mask white color due to mineral filters and provide the skin with a uniform color, in tones of natural tan.

Code 1238 100ml

EXTREME LIFT CREAM, NECK AND CLEAVAGE

Suitable in completion of anti-age and lifting treatments

The skin of the neck, bust and décolletage loses easily its firmness and tonicity. In this respect was developed this recipe that provides lift effects, protection against oxidative degenerative processes, regeneration and nourishment and increase of the moisturising degree. This way the skin becomes firmer, suppler and smoother.

Code 1241 200ml

ANTI -COUPEROSE CREAM

Suitable for skins with redness and rosacea

The cream acts simultaneously in multiple directions at the level of rosacea skin:

- It reduces the sensation of itching, irritation, redness and discomfort
- It remakes the cutaneous protection barrier
- It improves capillary microcirculation
- It protects against solar radiation with SPF 10
- It intensively moisturises preventing peeling
- Anti-wrinkle action

Code 1242 100ml

CONDUCTIVE MOISTURIZING GEL

*Indicated in association with
cosmetic appliances*

Intended for professional treatments of the face and neck skin, in cosmetic salons. To be used in association with the appliances in cosmetic practices, as conductive gel for mesotherapy (alternative current), collagen stimulation (radiofrequency), etc. The non-oily structure makes the conductive gel a well tolerated product, moisturizing the skin and leaving a sensation of velvety skin.

Code 1330 500ml

PURIFYING GEL

Indicated in the treatment of all types of complexions

The product is intended for professional treatments of the face and neck skin, in cosmetic salons being adequate for all types of complexions. Its formulation rich in active ingredients recommends it for purification, nourishing, and moisturizing of your complexion.
